COMMUNITY PT

PT provides and reviews **Family Booklet** with care provider

PT completes **Enrollment Package**, fax to HSC

Clinical Exam (CE)

PARENT

Parent receives Family Booklet

Clinical Exam (CE) completed and faxed to HSC

Ortho concern, other than related to hip, examiner must discuss Ortho referral with child's MD

PT (MD) receives copy of letter

PT receives results letter

Parent receives letter and x-ray requisition

X-ray Completed on grid system

Parent receives results letter

ORTHOPAEDIC SURGEON

Monitoring continues as per surveillance guidelines (minimum)

If otherwise, advises HSC

If followed, orthoped receives copy of letter

HIP SURVEILLANCE COORDINATOR HSC

Provider Referral Form:
Coordinator reviews to determine if child appropriate and/or identify child's PT
→ If appropriate ask child's PT to register child
→ If unsure, coordinator calls referring provider to discuss

Enrollment Package:
Coordinator reviews to determine if child appropriate and determine if x-ray is due

Welcome letter sent to parent (cc'd to PT, MD)
→ If x-ray due, HSC sends requisition

Measure Migration Percentage (MP)
Review MP & CE

Discuss with examiner & Medical Lead as needed

Decision MP & CE

Referral to Orthopaedics
or
Discharge surveillance
or
Continue Surveillance

If refer to ortho, HSC CALLs parent

Results letter to parent (cc'd to PT, MD)

PT receives results letter

SURVEILLANCE DUE (6-12 months) based on Age, GMFCS/Hemi Type IV

Request for CE to PT (6-8 weeks prior to due)

If x-ray due, HSC sends requisition to parent (span of 4 weeks to complete)
